## Many Standard Features -- Many Standard Sizes

- \* Powder coat paint
- \* 6" flip-down side rails on greasable hinges
- \* 30,000 lb capacity recessed gooseneck ball
- \* 7-pin trailer plug-in
- \* Sealed beam lights
- \* Receiver-type bumper hitch with D-rings
- \* Flush mounted tie rings
- \* Stake pockets
- \* Mud flaps

If you use your truck for a truck, then you'll appreciate all the standard features on a Bradford Built truck bed; things like 1/8" thick tread plate floor, a 30,000 lb rated gooseneck hitch and the incredibly strong receiver type bumper hitch. With the 6" tall flip-up side rails, you won't be back-tracking looking for your chains or spare tire. Chain "keyholes" in the headache rack, flush-mounted D-rings in the side rails, and stake pockets in the deck make it easy to secure any load. The sealed beam lights are flush mounted and there is a 7-pole plug-in for your trailer. The rear corners of the deck are tapered so backing up a little too close to the dock won't take out the lights. The forward taper also allows for locating the gooseneck ball further forward while still clearing your trailer gussets in a turn. The powder coat paint gives it a good shine and an easy-to-wash surface.

Kick tires, check prices, and if you don't settle on Bradford Built hands down, then call and tell us why. Our goal is simple. Build the very best truck bed for the money in the United States of America. Thank you for your time and thank you for considering a Bradford Built truck bed.
