WE SPECIALIZE IN SALVAGE!
Quality recycled parts available
@vanderhaags.com

2020 Peterbilt 389
Our Featured Parts Unit
See page 3 for quality used parts available from this rare find!

Providing Quality Truck Parts
Used - Rebuilt - New
Salvage Components
A small sampling of recent units being parted out.

Engines & Component Parts
Engines, exhaust, cylinder heads, DPF, overhaul kits, injectors & more.

Driveline Parts
Transmissions, rearends & more.

New Parts & Accessories
Fenders, seats, mirrors, tool boxes, brake components & more.

Crash Parts & Cargo Control
Cabs, hoods, doors, fuel tanks, bumpers, grille guards & more.

Construction Equipment
Parts, attachments & whole units 4sale.

Quality Used Trucks
Tandem & single axle, dump, grain, flatbed, & specialty.

New & Quality Used Trailers
Grain, gondola, drop deck, side dump, end dump, tanker & more.

New Truck Equipment
Grain bodies, truck beds, hoists, tarps, dump bodies, tag axles & more.

Used Truck Equipment
A small sampling of used components from grain bodies to APU.

Repair Shop & Services
We're your one-stop shop!

Employee Feature & Hiring Info
Meet a few of our valued employees & learn how to join our winning team!

Make a Difference
Join us in supporting these great humanitarian efforts!

Yesterday's Memories & Vander Haag's Truck Museum
If you’re traveling through northwest Iowa, visit our museum filled with vintage trucks and unique memorabilia.

Our Story
When my grandfather, John C. Vander Haag, Sr., (shown 2nd from left) started South Side Junkyard in Sanborn, Iowa, I don’t think he ever dreamed it would grow into the business we are today! In 1939 he began collecting and selling scrap iron and various items from farmers around the countryside. My father, John C. Vander Haag, Jr., began working in the business in January 1948. He changed our business from being a “junkyard” to a late model automotive salvage yard and renamed the company South Side Salvage. In 1970, as the business continued to grow, Dad saw the need to expand to Spencer, Iowa, and modernized our name to Vander Haag’s, Inc., eventually making the decision to change to heavy duty truck parts sales. Since our move to Spencer, we have expanded our business to include locations in Des Moines & Council Bluffs, Iowa; Sioux Falls, South Dakota; Kansas City, Missouri; Winamac & Indianapolis, Indiana, and most recently in Columbus, Ohio. We attribute our continued growth to our loyal employees and our commitment to providing quality products and service for our customers.

Having grown up in the business, I worked many summers trying to get a feel for all the aspects of our industry and joined the company full time after graduating from Dordt College in 1990. I’ve seen how hard my father worked to make Vander Haag’s, Inc. what it is today, and am proud to carry on his legacy.

Last year we celebrated our 80th year in business. We look forward to providing solutions to all of your truck-related needs in this new decade and beyond.

John M. Vander Haag
President

** Prices in this flyer are subject to change without notice **
120+ Quality Used Parts will be available from this 2020 Peterbilt 389 after this year’s MATS show. They won’t last long….Call & reserve yours today!

Buy it NOW at www.vanderhaags.com    ~     Shipping Nationwide & Beyond!
**We receive new inventory**

**We Buy**

**Truck Salvage & Used Trucks & Trailers for Resale**

**RUN TESTED!**

Every engine is run up to operating temperature and monitored for leaks, smoke, reservoir pressure and injector performance. Every used engine has documented oil pressure, blowby, HP, ECM hours & mileage and exhaust temperatures.

**FULLY INSPECTED!**

Every used engine is visually inspected: front to back, top to bottom, internally & externally.

The valve cover is then removed to inspect rollers, cams, jakes, valve springs, wiring and other top end components.

Every engine is rotated 180 degrees to inspect the crank, cylinder walls, oil coolers and all other bottom end components. All bearings are inspected & replaced as needed.

**SHIPPED WITH CARE!**

Our engines are shipped on a steel stand to prevent tipping & mishandling.

Your core return can be positioned in the stand for quick & easy return.

Largest MACK Aftermarket Supplier!!

Did you know we offer PAI Industries
ISO 9001 Certified Parts?
Every used transmission goes through a rigorous inspection process, ensuring a quality part for you!

Each step of our inspection process is documented and photographed. This information is then “attached” to its specific transmission record enabling you to log on to www.vanderhaags.com and easily view this history before your purchase.

**INTERNAL INSPECTION!**

Every Vander Haag’s used transmission undergoes a thorough internal inspection prior to being shipped. Each inspection includes:
- input shaft & bearings
- drive & overdrive sets
- auxiliary synchronizer
- all sliding clutches
- output shaft & yoke
- shift top & rail fork
- main-shaft thrust washers

**AIR CONTROL INSPECTION!**

Each air operated transmission that we sell has the air control system tested to ensure that it will shift properly and operate as intended.

**TOP COVER INSPECTION!**

All transmission top covers are visually inspected for abnormalities such as wear on the shift forks and worn pins.

Triangle Suspension Parts
Suspension Coverage
You Can Count On!

When you have forty tons of truck and a load of profit riding on your suspension parts, it makes sense to trust the name that is setting the industry standard for availability, dependability and technical support. With Triangle Flagg suspension parts, fleets don’t have to hunt for that hard to find part, or worry that they’ll not get the right fit.
Instead of rebuilding your OEM hub, save time and money by replacing it with a genuine PreSet® hub assembly.

Aftermarket PreSet Hub Assembly Benefits:
- Reduce Downtime
- Reduce Labor Costs
- Reduce Liability
- Available When You Need Them
- Reduce Potential for Errors or Misalignment
- Warranty Protection on Hub and All Components
- Available in Aluminum and Ductile Iron

Safely store your Oil, Anti-Freeze, Solvents, Gas & Diesel Fuels
Inspection Violations!

Pass inspections by avoiding common violations.

This is just a sample of the common violations found during state inspections. We’ll check for these & many more during our detailed inspection process!

Whether your bus needs a few simple adjustments to get back on the road, or major work such as a complete engine & tranny overhaul, you can count on our professional service experts to do it all! Our Spencer facility is equiped with a full service body shop & 55’ paint booth, allowing us to handle any project!

- Painting
- Body Repair
- Regular Maintenance
- Alignments
- Major Overhauls

We can handle it all, BIG or Small!

We understand how important it is to keep your School Bus operating safely and efficiently to keep your children and drivers protected. Our experts are trained to help you pass school bus inspections and perform regular service, repair & maintenance.

At Vander Haag’s, Inc. SAFETY is a PRIORITY.

We have the latest technology to help diagnose problems efficiently. This allows us to find possible areas of concern that others may have missed.

We are here to help you keep your students & drivers SAFE!
Looking for more than scrap value for your retired equipment?

Look No Further!

We Buy

At Engine Rebuilders, we understand that minimizing equipment downtime is a key component in business success. This is why we carry the largest inventory of remanufactured compact equipment engines in the industry. Whether a skid steer, excavator, or compact track loader, Engine Rebuilders helps you maximize your uptime so the job can get done on time.

Our Guarantee:
Engine Rebuilders warrants, to the original buyer, that each remanufactured engine will be free from proven defects in material and workmanship for a period of 1 Year/2,000 Hours after installation.

We’re YOUR Jet Trailer Dealer!

Stop in TODAY and pick up your Salt Dogg Spreader!

DumperDogg transforms your 3/4 ton or larger pickup into a dump truck, saving you time, effort & cost when unloading heavy or bulky material!

- Double pivoting & removable tailgate lets you load and access the truck bed with ease.
- Completely clears truck bed of material with a maximum of 45 degrees dump angle.
- Corrosion-resistant powder-coated steel frame and insert.
- Included body-up indicator kit alerts you when the DumperDogg is raised.
- Pair with the SaltDogg Tailgate Replacement Spreader to turn your truck into a salt spreader during winter.
- Versatile design lets you continue to use your truck for normal transporting.
- Backed with a 2 Year Warranty!

Available in 6’ & 8’ Stainless or Steel and Poly 8’

- 8’ Stainless Steel spreader complete with top screens, inverted vee
- 10 ½ hp Briggs & Stratton engine
- Electric start, in cab controls, battery
- Approximate capacity 2 cu. yd.
- Approximate weight 750 lbs, standard chute

Buy it NOW at www.vanderhaags.com    ~     Shipping Nationwide & Beyond!

Hydraulic Silage Gate, Ladder, 8” Channel Long Sill

Aluminum Grain Bodies

Plus Hopper Bottom Trailers & Pups
If you use your truck for a truck, then you'll appreciate all the standard features on a Bradford Built truck bed. Things like 1/8" thick tread plate floor, a 30,000 lb. rated gooseneck hitch and the incredibly strong receiver type bumper hitch. With the 4" tall flip-up side rails, you won’t be back tracking, looking for your chains or spare tire. Chain "keyholes" in the headache rack, flush-mounted D-rings in the side rails and stake pockets in the deck make it easy to secure any load. The sealed beam lights are flush mounted and there is a 7-pole plug-in for your trailer. The rear corners of the deck are tapered so backing up a little too close to the dock won’t take out the lights. The forward taper allows for locating the gooseneck ball further forward while still clearing your trailer gussets in a turn. The powder coat paint gives it an attractive, durable and easy-to-wash surface.
Tafco took the frameless grain trailer design a step further when they designed the revolutionary Scott Grain Body which replaced the old wood stake and slat bodies of yesteryear. This design offers light weight and high strength.

**Many Sizes & Body Types to Choose From!**

MARK THREE
- Utility Dump Body
A “every day” sized dump truck with the ruggedness of its bigger relatives. Clean unibody design with one-piece floor. Easy to install, optional steel side boards accommodate larger loads.

MARK FOUR
- Contractor Dump Body
A contractor’s best friend. Need versatility? This is it. Optional split drop-sides let you decide what to unload where. Add optional steel side board and you’ll increase load capacity nearly 100%.

MARK E
- Single Axle Dump Body
This single-axle unibody dump body proves that lightweight and rugged go together. There’s not a tougher utility body anywhere. It comes in lengths ranging from 10’ - 12’ with side heights of 24” or 30”.

MARK E
- Tandem Axle Dump Body
The Henderson Engineering Team pulled out all the stops this time to design a dump body that would allow each customer to fully customize and make his body his very own.
From light duty to extra heavy duty applications, you will find a Bibeau dump body to meet all your needs & expectations.

The standard construction of all Bibeau dump bodies includes: unibody construction using top quality materials, continuous welds throughout, integrated conduit for heating, a door latching or cartridge system ready for pneumatic hook-up, shot blasted and primed with a highly resistant industrial primer!

Our steel truck boxes are crafted from 14-gauge (minimum) steel with stainless steel hinges and full-size stainless steel paddle latches, and come with a tough polyester powder coat finish available in black or white. RKI aluminum truck boxes use bright-diamond treadplate aluminum and have sealed gas shock lid supports. These are also available in black or white powder coat.

**QUALITY PRODUCT THAT IS BUILT TO LAST**

SRT-2® Spool Roll Tarp has been tested across North America in extreme climates and windy conditions. Our tarp has been trusted by the agricultural industry for nearly three decades and guaranteed to be free of defects in workmanship.

---

**Take control of your tarp**

**UPGRADE TO ELECTRIC!**

- Worm gears create an instant, positive lock with no backing off for a tighter fitting, longer lasting tarp.
- Rotating and telescoping motor mount reduces stress on the system, no mid joint to fail.
- Low profile, compact design allows for better clearance under loading systems and doors.

---

**Vander Haag’s, Inc.**

**is your Grain Train Expert!**

- Fewer Trips = BIG $$AVINGS!
  - Haul 1600 Bushels Instead of 1000 Bushels in 1 trip!

---

**In Stock!**

- Single, Tandem & Triple Axle Dollies Available
  - SRT-2® Spool Roll Tarp has been tested across North America in extreme climates and windy conditions. Our tarp has been trusted by the agricultural industry for nearly three decades and guaranteed to be free of defects in workmanship.

---

**The Next Generation of Power**

**Featuring “One Touch” Technology**

The Thunder Power Tarp System has been rigorously tested, and has proven to be the most reliable system on the market. Thunderstone’s tarp system is fast, easy to operate and exceeds customer’s expectations. The tarp system is also backed by one of the best warranties in the industry, with parts and service just moments away.
