

4" x 6" STANDARD LED PROJECTOR HEADLIGHT

**D.O.T.
APPROVED**

TLED-H1 (High Beam) / TLED-H2 (Low Beam)

670 LUMENS

TRUX standard grade LED headlights are significantly brighter than the standard halogens on the market. Standard LED headlights are considerably more reliable, efficient and illuminate a bright white light in comparison to halogen models that illuminate a dim yellow light. The LED beam pattern is twice as bright and wide compared to any halogen light.

FEATURES

- HIGH Beam (H1) / LOW Beam (H2)
- D.O.T. APPROVED (DOT SAE HL-09)
- IP67 Waterproof
- 670 EFFECTIVE Lumens
- Hard Coated POLYCARBONATE Lens
