

# UNIVERSAL MODEL ADJUSTABLE TO FIT MOST TRUCKS

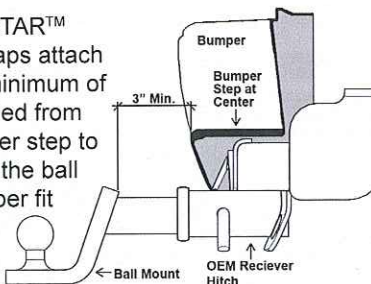

- Designed to fit most full-size pickups or SUVs with center bumper steps, including the Toyota Tundra and Nissan Titan.
- Adjustable clamping system, support flanges and brackets
- Comes in smooth mill finish or bright diamond plate
- Trim to fit flaps are ready to be cut at whatever length is needed

## ONE YEAR LIMITED WARRANTY

**IMPORTANT: ROCKSTAR™**  
Hitch Mounted Mud Flaps attach to your ball mount. A minimum of 3" of clearance is needed from the center of the bumper step to the first obstruction on the ball mount to ensure a proper fit (see diagram above). A longer ball mount may be required.

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

## Why choose ROCKSTAR™ hitch mounted mud flaps?

### Unique model specific design\*

- Built-in stabilizer plate keeps the frame level with your bumper
- Vinyl capped stops allow for easy receiver pin alignment
- Rust-proof aluminum frame is available in two finishes, smooth or diamond plate
- Friendly radius corners

### Better rubber means better protection

- 1/2" thick rubber reduces sailing
- Smooth surface minimizes ice and mud build-up
- Rated to resist heat damage at temperatures up to 250°
- Optional rubber lengths for custom sizing
- Exhaust holes are designed to work with Dodge OEM dual exhaust

### Easy to assemble, remove, and re-install

- Easy assembly-- no drilling required!
- Attaches with an adjustable clamping system
- Convenient frame openings offer quick access to pin and wiring

\*ROCKSTAR™ hitch mounted mud flaps are designed to fit OEM receiver hitches and bumpers and may not fit aftermarket products.

\*\*Heat shield – Standard on Chevy/GMC 2500 and 3500 models, also sold separately for pick-ups with custom exhaust.
